

Group 3:

This STEAM day was a lot of fun and we learned a lot from the lessons. We spent lots of time talking in our group and trying to make our solar ovens together. Our group worked ok but we all had different ideas how to do things and that sometimes made things harder.

It was interesting to learn about people in other countries who don't have access to water and power and we didn't know how big a problem it was. Making the different kinds of solar ovens was fun and it was interesting to see how they are supposed to work. The weather was too cold to use them outside so we had to use lamps to melt the
